BEHIND THE

MUSIC

I HOPE YOU HAD THE TIME OF YOUR LIFE

Class of 2005

"There is a good reason they call these ceremonies 'commencement exercises.' Graduation is not the end; it's the beginning."

- Orrin Hatch

Entering this school as young freshman seemed like it was just yesterday. High school was the next step in our lives that we had to take. Our four years at Medford High have been filled with happiness and sadness. We all made new friends and got involved in different activities. High school was an experience that many of us will never forget. We've grown together as a class, physically and emotionally. As we leave our adolescence and become adults, we will be face-to-face with the "real world." No matter where life takes us, we will all remember the memories, good or bad, that we had at Medford High School as the graduating Class of 2005.

Messages from Supervisors

It is with a sense of honor that I write this message for your yearbook. The Medford High School *Blue and White 2005* - so closely associated with a joyful time of transition - will be the most permanent item in your personal library and the one book that you will show to your spouse, your children and your grandchildren in the decades to come.

Glancing back at this yearbook throughout the seasons of your life, you will be reminded of the many people in the school community who impacted your lives and affected your perspective and attitudes much more than you thought possible at the time.

You will reminisce about classmates, who helped you define yourself at one point in your life and who taught you the meaning of loyalty, honesty and friendship. You will remember your teachers who devoted their lives to helping you become mature, responsible, thoughtful adults. And you will remember the many others - counselors, coaches, secretaries, advisers, and administrators - who helped to mold you into the person you will have become.

As you continue to stroll, jog or jet down the path of life, please remember that your future belongs to you. Please accept the challenge to make the journey meaningful, worthwhile and enjoyable.

Paul H. Krueger, Ed. D.
Headmaster

Congratulations on a job well done. It has been my distinct pleasure to work with you, the Class of 2005, over these past four years. When we first met, I spoke of opportunities that awaited you if you reached out for them. Well, you did just that; your growth has been phenomenal. As the essayist T.H. Huxley said, "The rung of a ladder was never meant to rest upon, but only to hold a man's foot long enough to enable him to put the other somewhat higher." Keep climbing kids. Your hard work and perseverance has rewarded you with high academic achievement; achievement that has been acknowledged by higher MCAS scores and by dozens of honors bestowed upon you.

You are also a socially responsible class. One of my oft-mentioned themes is, you have to give respect to get it. You've embraced this philosophy by being good school citizens. You have also been involved in a multitude of extra-curricular activities and spent countless hours giving back to your community.

The future bodes well for the Class of 2005. Maybe you continue to embrace a strong work ethic and show concern for humanity, and may good health and happiness follow you throughout your lives. Good luck in all your future endeavors.

Class of 2005 Submaster,
Mr. Polcari

To The Class of 2005,

What can I say? The past two years have been quite an adventure and a pleasure. It has been a wonderful experience for me to be your "secretary, mother hen, sounding board, mediator, lunch buddy, and most of all, your friend."

Remember, it's all about choices in life- make the right ones.

Good luck in your endeavors in the future.

Love,
Mrs. Johnson

Congratulations to the members of the Medford High School Class of 2005 on your achievements that have earned you the right to receive a diploma as a High School Graduate. This is an important step in your progression towards responsible adulthood and citizenship. There will be many challenges ahead of you in the years to come and your preparation at Medford High School is a significant launch pad to a rewarding future. However, your education is far from over. You must be prepared to learn through daily experience and to pursue additional formal instruction to stay current and to ensure that you have the requisite knowledge and skills to survive, complete, and flourish in a fast paced and complex society and global economy.

The well-lived life requires that you make a contribution to the betterment of your society, community, and world. This is not as daunting as it seems. Such contributions can take many forms. It is clear, however, that you can do more when you have your own act together. The great ancient scholar, Hillel, said, "If I am not for myself, who can be for me; if I am only for myself, what good am I; and if not now, when?" It is all right to pursue your own dreams as long as you recognize that you have a responsibility to others and that your well-being is not independent of those who live and work around you and in places you may never visit. Never forget your family, friends, and teachers who have given much to help you along your journey to significance and contribution. Repay that debt by helping others to achieve their full potential.

If you see injustice, stand up and speak out. If you see human need, stand up and share your good fortune. If you see the opportunity to make a positive difference, seize the moment. Don't waste your time complaining about what could be. In the words of Gandhi, "Become the change you seek in the world." Find your "Voice". Mother Theresa said, "Give the world your best and you may get hurt; give the world your best anyway." Go for it. You are the future. Make the most of your opportunity.

Superintendent, Roy E. Belson

On behalf of the Administration and Faculty at the Medford Vocational Technical High School, I extend warm and heartfelt congratulations to the members of the class of 2005. Your four years of matriculation was a wonderful experience in your life that should be cherished forever.

Life as you know it will now undergo many cycles of changes based on personal experiences and expertise of others. The willingness to experiment will bring diversity and growth to each of you over a period of time. Your many ventures will help you set new standards and to forge new paths that may be winding at times but in reality will cumulate into stages of untold joy and success. The newfound pleasures will not only be enjoyed by you but by individuals whom you will touch in the future. The sharing between and among friends is the satisfaction that all human beings strive for, because it helps to enlighten the hearts of others that may have dimly lighted for numerous reasons.

Each of you must now realize that not only must you endeavor to actualize your goals and objectives, but also commit to a larger agenda, that being the responsibility of each citizen to assist in actualizing the goals of the community. We are reminded daily of this point by ongoing war and activities in Iraq. You should all accept the challenge and put your twelve years of education to use in making this world a better place to live.

Caring and sensitivity for those less fortunate must be a part of all our lives. The poor, sick, the cold, illiterate, the challenged and the oppressed are the responsibility of all citizens of the world community. Even as we strive to improve our lot in life, we must set aside some of our energies, resources, and time in order to make a contribution back to the society that has given us our present situation. These are sobering thoughts. However, as young adults ready to move out into the world of post-secondary education, career, or military duty these are the issues you must deal with. Service to self must be balanced with service to community. We all need one another at some time in our lives, in order to share with each other the ups and downs of life's experiences.

In closing, I should like to leave the Class of 2005 with a thought expressed by our 35th President John F. Kennedy... "A man does what he must-- in spite of personal consequences, in spite of obstacles and dangers and pressures-- and that is the basis of human morality..."

William C. Makoney, Principal/Director- Medford Vocational Technical High School

Dedications

We, the class of 2005, are happy to be Mr. D'Alleva's first graduating class with him as our advisor. His devotion to our class is something we will never forget. He was always open to new ideas and suggestions made by his students. With that, he was committed to making sure that our class had the fun we deserved. Whether it was our semi-formals/proms, fundraisers, post-prom party, senior luau or harbor cruise, Mr. D'Alleva was always on top of things.

As we transitioned into adults, Mr. D'Alleva was there every step of the way. Being our advisor, coach or teacher, he taught us many different things throughout the past four years. We were very happy for Mr. D'Alleva and his wife when they had their daughter. Even though he had higher priorities, he still managed to squeeze our class into his schedule. We could not have asked for a better advisor.

Mr. Paul D'Alleva

Mr. David Polcari

You have a funny sense of humor that everyone can see. You were very fair to everyone, and made sure that discipline was addressed throughout our high school years. You would always make sure that your students were on top of their game and weren't slacking off. You were very involved in everything that our class took part in.

We are very grateful for everything that you have done for us. Even during your hardships, you still made time for our class and things that needed to be done. You're wanting to be involved in our class' activities and events really showed that you cared about your students. Thank you for making our high school years memorable.

Mrs. Johnson, even though you have only been with us for three out of our four years at Medford High, it seems as if you've been here forever. We appreciate everything you do so much. You listened to us, helped us and dedicated your time to us. Many of us have grown so close to you through these years.

You tolerated us and always went out of your way to make sure all of our questions were answered. Seeing a smiling face in the morning, even on Mondays, brought light to our days. It was so nice to have a secretary like you who remained so optimistic about everything. Thank you for always smiling and leaving your door open to the members of our class.

Mrs. Kathy Johnson

Seniors 2005

"Back when I was a young lad, I didn't care much about school. I would do my work and get good grades, but something was missing. I got into high school and I began to find that missing piece of the puzzle. The classmates you have in high school are like family. Being involved in all the great activities, like sports and clubs, makes me not want to graduate. Like the great Wayne Gretsky once said, "You miss 100% of the shots you don't take"...so take every shot you can!!"

President, Joey Albano

"The past four years at Medford High have gone by so fast. It seems like just yesterday we came in as freshman! Not only have we grown together as a class, but as people, too. Never forget the goodtimes we've shared at MHS and what it means to be a Mustang! Congratulations and good luck class of 2005! We did it!"

Vice President, Jenna Petrigno

"I can't believe it's coming to the end. The past four years have been incredible. There were the ups and downs, but it all worked out. I couldn't have asked for a better class. I wish everyone good luck and happiness in the future. Never forget MHS and all the memories.

Secretary, Lindsey Reid

"When you look back on the past four years, it's amazing to see how much we have grown together as a class. Now, it's sad to see everyone go their separate ways. Good luck class of 2005!"

STUDENT LIFE

THROUGHOUT THE SCHOOL YEAR, THE STUDENTS OF MEDFORD HIGH SCHOOL HAVE HAD THEIR GOOD TIMES, AND THEY'VE HAD THEIR BAD TIMES. BUT THE MEMORIES THAT WILL LIVE ON ARE THE MEMORIES THEY MADE WITH FRIENDS AT SPECIAL SCHOOL EVENTS. BETWEEN ALL OF THE SCHOOL DAYS, DANCES AND AFTER SCHOOL ACTIVITIES, MANY STUDENTS HAVE MADE FRIENDS THAT WILL LAST A LIFE TIME.

First Week

2004-2005

Summer came to an end, and another school year began. For the seniors, it was their last first week of high school, but for the rest of the students, it was the beginning of some of the best times of their lives. Even

though the students would miss laying in the sun, swimming in pools, sleeping in late and going to the beach, students from each of the four classes were very excited to get back to school to see their friends and teachers. This was the beginning of the 2004-2005 school year.

LEFT: Amanda Frettas, Lizzy Griffin and Francesca Santoro were excited for their first day as seniors.

Joey and Billy keep spinnin' the beats.

It was *NINE O'CLOCK ON A SATURDAY* October 2nd and the class of 2005 CRUISED around Boston Harbor on the Providence II. Everyone was on the dance floor having a ball. It was an awesome way to start off the **senior year!** We just missed the rain, but continued into the harbor dancing to the music of Joey Albano and ending the night with **"THE PIANO MAN!"**...

This was a night where everyone came together, set aside differences, and had an amazing time!

These girls arrived just in time!

Faculty

The students at Medford High School know that they could always count on their teachers and the faculty when they were in need of help. Every member of the faculty is unique in their own way, especially Mr. Duca, Mr. D'Alleva and Mr. Wilson (shown above as chaperones at the Homecoming Dance), who know how to teach and eat good food. Both new and old teachers helped the students grow into young adults during their years at Medford High. Thanks to the faculty and the teachers, the students will be able to go out into the world with everything they have learned from their educators.

Yearbook Staff

To the graduating class of 2005:

We did it! Our four years of high school are complete. On behalf of the entire yearbook staff, I hope that each and every student can enjoy this yearbook and appreciate the hard work that was put into it. Although the process of constructing this yearbook was at times complicated and stressful, this staff put every ounce of effort they had into completing every page. We all know that this book will make you laugh and even at times make you cry, but in the end, we hope that it will bring back memories of your four years at Medford High School. Congratulations and good luck in everything that you decide to do in the future.

"Quack, Quack...GOOO DUCKS!" But I thought we were Mustangs? This was indeed the year of comeback success for the Mustang swimmers. The Mustangs have previously been remembered for their creative cheers and poolside antics, but this year, they proved to blow most of their strongest competition out of the water. The team began the season with an upset loss to the Cambridge all boy team by 2 points! However, the team fought back with a vengeance, beating Peabody, Arlington and Malden for the first time since 1987! The greatest victory was against Malden, the last home meet of the season, where Medford beat their arch rivals and former G.B.L. champs. This was a perfect way to end an

INCREDIBLE season. The seniors would like to thank the Marys for all of their dedication and support, and to their teammates for the best season in the last 4 years. Thanks for all the memories, all of our hard work paid off!

An end, a beginning,
Something scary,
 Something exciting,
You think of things to come,
You think of things gone by,
 All the friends you have had,
 All the friends you will have,
You cry you laugh,
 You hug and smile,
You wish you didn't have to go,
Some can't wait to get out,
 While others never want to leave,
The achievements, the grades, past and future,
Graduation.

I believe in the way that you are and the way you'll be. If you should ever doubt your dreams, don't think twice about it. Don't worry long about whether you'll find a place in the world. You belong! I know that you'll get where you're going someday. For no matter what happens, you'll find a way.

Hoan Nguyen
My senior year is only the second year I've been in MHS. I may not love this school as much as I love my old school, but one thing is sure that I'll miss this school a lot after June. Wish all seniors and all my friends the best of luck.

I'm so excited about finally graduating to have an "I'm going to miss..." quote. If you want one of those call me in 20 years when I'm sick of my job. If I had to pick on thing that I learned in at MHS to take with me, it would be learning how to use every shortcut and loophole.

There's going to be some stuff your going to see that's going to make it hard to smile in the future, but through whatever you see, through all the rain and all the pain, you have to keep your sense of humor. You have to be able to smile through it all. So to the class of 2005, best of luck for the future and never give up on your hope and dream. Don't ever stop smiling.
